Fit-out

You're just 6 stages away from your perfect practice.

At Eclipse Dental we provide the complete solution to your fit-out needs with meticulous attention to detail and personal service. Our experienced team takes care of each stage and ensures your project runs smoothly with the minimum of disruption.

Stage **1**

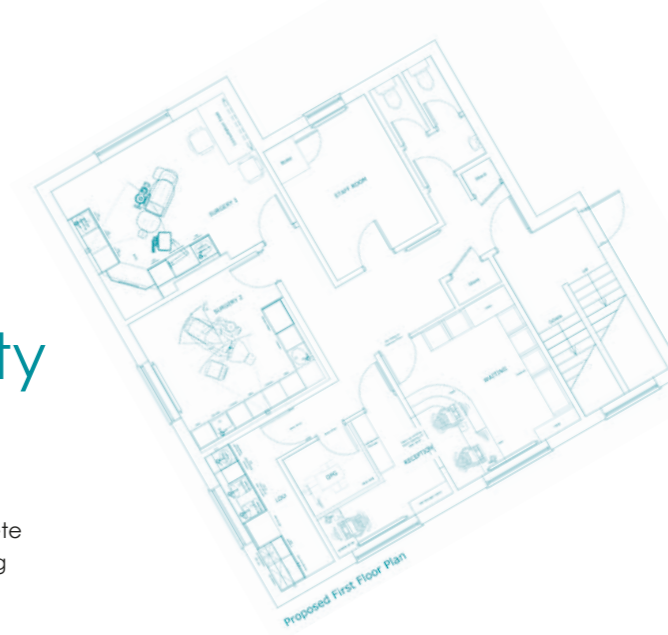

We listen, you direct

Site assessment and consultation

The most valuable skill in the design and construction process is the ability to listen. Meeting on site allows our project management team to listen to any requirements and provide valuable advice on the suitability of your practice vision. With a clear understanding, Eclipse Dental Engineering identifies any possible

roadblocks before a design is created. This ensures a smooth transition from discussion, to design, then construction. Eclipse Dental Engineering offers a comprehensive consultation service. This can include knowledge and advice on finding the perfect location or how to renovate and revolutionise your existing practice.

3

Stage 2

Turning ideas into reality

Architectural Design and spatial planning and surgery workflow considerations

Whether you are planning a single room refurbishment or a complete new build, we can provide architectural services including planning and building regulation considerations, spatial planning as well as workflows for staff, patients and instrument sterilisation.

Stage 3

Attention to detail

Equipment specifications and furnishings

Westland Medical Centre

- Design & Fit-Out of Dental Surgery & ENT Suite
- ENT Workstation with microscope and video function
- Clean & Dirty Sterilisation Rooms
- Reception Desk Design & Manufacture
- Treatment Room Furniture Sets
- Conference Room Furniture
- OPG Digital Panoramic X-Ray

"Eclipse is our preferred supplier because their project manager is always available to speak to, they respond quickly to our needs, effectively deal with problems as they arise and their work is always neat and tidy."

Dr Atul Aggarwal,
Westland Medical Centre, Hornchurch

Stage 4

Ensuring work goes to plan

Project management of building works and installation

This is the exciting time when all the hard thinking, designing and planning come together. An Eclipse Dental Engineering project manager is assigned and a team of qualified, reliable tradesman start the transformation.

Working with a team of Eclipse Dental Engineering professionals ensures your practice is built efficiently and effectively,

with all alterations and building works completed in accordance with the national building codes.

Furthermore if you need to discuss anything about the project, our project managers are more than happy to discuss the finer details at any stage. All you need to do now is sit back, relax and watch your vision unfold.

Stage 5

Customer Care

Staff training and after sales service

We leave no stone unturned...we will train your staff to use the equipment you have chosen, and hand over to you with the secure knowledge that if you have any questions we are never further than a phone call away. Equipment Service schemes are set up and you can have

complete peace of mind in the knowledge that our engineers will always be there when you need them ... year after year.

To request an engineer call our 24 hour service line **01322 421156** or visit www.eclipse-dental.com/service.

Guaranteed solutions...

Royal Surrey Hospital, Guildford

Royal Surrey Hospital commissioned Eclipse Dental to carry out a design and refurbishment to replace their outdated Orthodontic and Oral Surgery department. Eclipse Dental completed this project keeping to fixed deadlines and ensuring the stringent hospital regulations were met.

- to provide a solution for 3 orthodontic treatment areas with patient privacy
- Spittoons added to existing dental chairs
- Full design, minor building works and installation
- Replacement suction pumps with back up facility

Ivy House Dental Practice

Refurbishment to create a flagship dental clinic

- Heka UNIC Dental Treatment Centre
- Best Practice Decontamination Room
- Air Conditioning throughout
- Glass enclosure entrance
- Reception desk
- Flooring

"At the initial planning stages, Eclipse were always accommodating of any requests and would always go the extra mile. They came back with plans and designs promptly, and were never pushy in their equipment suggestions. I never felt like I was dealing with sales people, more enthusiastic partners who wanted the solutions that were right for me. I just wish to thank Eclipse for their stress free and excellent service, and I look forward to working with them for many years to come."

S. Yusef Moazzam Ali, Dental Surgeon

Stand out from the crowd

Identity and Branding

Eclipse Dental can partner with you to provide marketing services that will promote and build your practice. This can be worked alongside the design stage to create a strong corporate branding throughout. We can provide

a range of design and print services to help you better communicate with your patients including; website design, internal and external signage, patient information leaflets, brochures, newsletters, adverts and your own professionally designed practice stationery.

South London Healthcare Trust

- Complete fit-out of 8 treatment rooms
- Design & planning
- Mechanical & Electrical works
- Dental equipment supply and installation

"We had an 8 surgery build and fit-out project to be completed with tight time schedule and budget. Eclipse Dental was very professional throughout and their team of project managers, construction staff and engineers were able to complete the project very efficiently with great attention to detail."

Mr M. Moffah, Service Manager for Head and Neck, South London Healthcare Trust

Guaranteed solutions...

Medical Equipment

- ENT
- Podiatry
- Bariatric
- Surgical
- Sedation
- Lighting
- Infection Control

Newham NHS

Eclipse found a 3 in 1 solution for this special needs clinic providing:

- Standard dental chair on shifter base
- Mobile wheelchair recliner for disabled patients
- Bench attachment for bariatric patients

"As lead consultant on this refurbishment project I was looking for a company that could work closely and collaboratively with the client and myself to provide a solution suited to the clients brief especially given the limited space in which to provide a number of special needs apparatus and equipment. Eclipse fulfilled this criteria."

Adrian Baker

Guaranteed solutions...

Equipment Maintenance

We know how serious it is when breakdowns reduce your capability, or even close your surgery completely.

Keep down-time to a minimum with Eclipse maintenance services:

- Repair Calls
- Emergency Call-Out
- Loan Equipment & Rental
- Annual Servicing & Certification
- Free Telephone Support
